SIX UNIQUE SELLING POINT

01

Brown rice mainly helps in body cardiovascular system, digestive system, brain and nervous system to replace the daily nutrition needs for detoxify and digestive purposes.

02

Beetroot high in vitamins helps in exerting favorable effect in bowel function preventing constipation and speed up the digestive system.

03

Barley is an excellent source of fiber helps in body weight management and it's a good source in reducing edema.

04

Barley also helps in reducing and lessen the face white and black spots, brighten skin tone and helps in moistening skin layer.

05

Black rice keeps you full to avoid hunger and prevent from overeating towards unhealthy foods.

06

Black rice is a natural detoxifier as it helps the liver eliminate unwanted substances meanwhile it is rich in antioxidant that helps in improving the body
